

# EZ-RJ45<sup>®</sup> Connector

Works with  
solid or stranded wire!

Thru holes allow wire  
pairs to be inserted.

## Description

The new patented EZ-RJ45<sup>®</sup> connector simplifies twisted pair terminations by allowing the wires to be inserted through the connector and out the front. This allows the technician to easily verify the proper wiring order.

Electrical performance of the termination is optimized by pulling the connector down over the cable jacket and seating it tightly in the rear of the connector. Reducing the distance between the wire twists and contacts improves performance!

- Simple one piece design...no bars or liners.
- EZ to verify wire sequence.
- Reduces scrap, no wasted crimps.
- Faster terminations.
- More reliable, higher performance.
- Compatible with most RJ-45 style crimp tools except for AMP.
- Crimp with the patented EZ-RJ45<sup>®</sup> crimp tool for even faster more reliable terminations.

## Application

- Use in category 3, 5, 5E and anticipated Cat 6 compliant data networks.
- Use in category 3, 5, 5E and anticipated Cat 6 compliant patch cords.

## Technical Data

- FCC Compliant.
- 50 Micro Inch Gold Plate.
- UL Rated.
- Compatible with most existing crimp tools except AMP.
- Patented.
- Made in the USA.

Manufactured by SullStar Technologies, Inc.  
 Patented: 5,996,224 & 6,017,237. Other  
 US and foreign patents pending. EZ-RJ45<sup>®</sup>  
 is a registered trademark of SullStar Technologies, Inc.

## Ordering information

Description	Part Number
EZ-RJ45 <sup>®</sup> Connectors. Package of 50 pieces.	100 003
EZ-RJ45 <sup>®</sup> Connectors. Box of 100 pieces.	100 003B
EZ-RJ45 <sup>®</sup> Crimp Tool.	100 004
